SkoolBuddy™

An End to End School Management Solution

WHAT IS SKOOLBUDDY?

AN INTELLIGENT APPLICATION UTILIZING COLLABORATIVE DATA TO PROVIDE APP-BASED TOOLS FOR EFFICIENT MANAGEMENT OF ENTIRE FUNCTIONS OF A SCHOOL WHILE MAKING AVAILABLE SELECTED INFORMATION TO ALL PARTICIPANTS – TEACHERS, STUDENTS, PARENTS, ADMIN AND EVEN GENERAL STAFF.

SkoolBuddy™

It is an app-based application software designed to have a lucid and structured information exchange environment for integrating students, parents, teachers and the administration of a school or college.
This App's system enables educational institutions to supervise student-related activities such as

- Keeping records of tests or examinations conducted
- Attendance
- Appraisal on performance including details of marks scored
- Particulars of everyday school attendance
- And all other institution-related activities

In short, the SkoolBuddy App provides a complete student records system.

SkoolBuddy is designed with diverse Application Potentials ranging from simple management of students' records at school to the management of all student-related functions, as well as administrative functions, of an educational institute or a chain of educational establishments.

SkoolBuddy is an end to end School Management Solution

Why SkoolBuddy?

SkoolBuddy App has been conceptualised to aim towards the Digital India Mission!

SkoolBuddy App provides user-friendly apps for:

- Teachers
- Non-teaching staff
- Students
- Parents
- Management personnel of educational institution

SkoolBuddy has modules to manage:

- Timetable
- Attendance
- Examinations
- Gradebooks
- Campus News
- School Calendar
- Events and many more

SkoolBuddy has an excellent internal messaging system within its app-platform, but you can also integrate it with external communication tools like SMS.

SkoolBuddy can provide administrators and teachers with the information required for informed planning, policy-making and evaluation.

SkoolBuddy has changed School Management in the areas of:

- Leadership
- Decision-making
- Workload
- Student Resource Management
- Communication
- Responsibility and above all total annual operational planning of the Institution

SkoolBuddy APP systems can assist the school authority in determining the:

- Aims of the school
- Formulating strategic plans
- Distributing resources
- Evaluating staff performance as well as organizational success
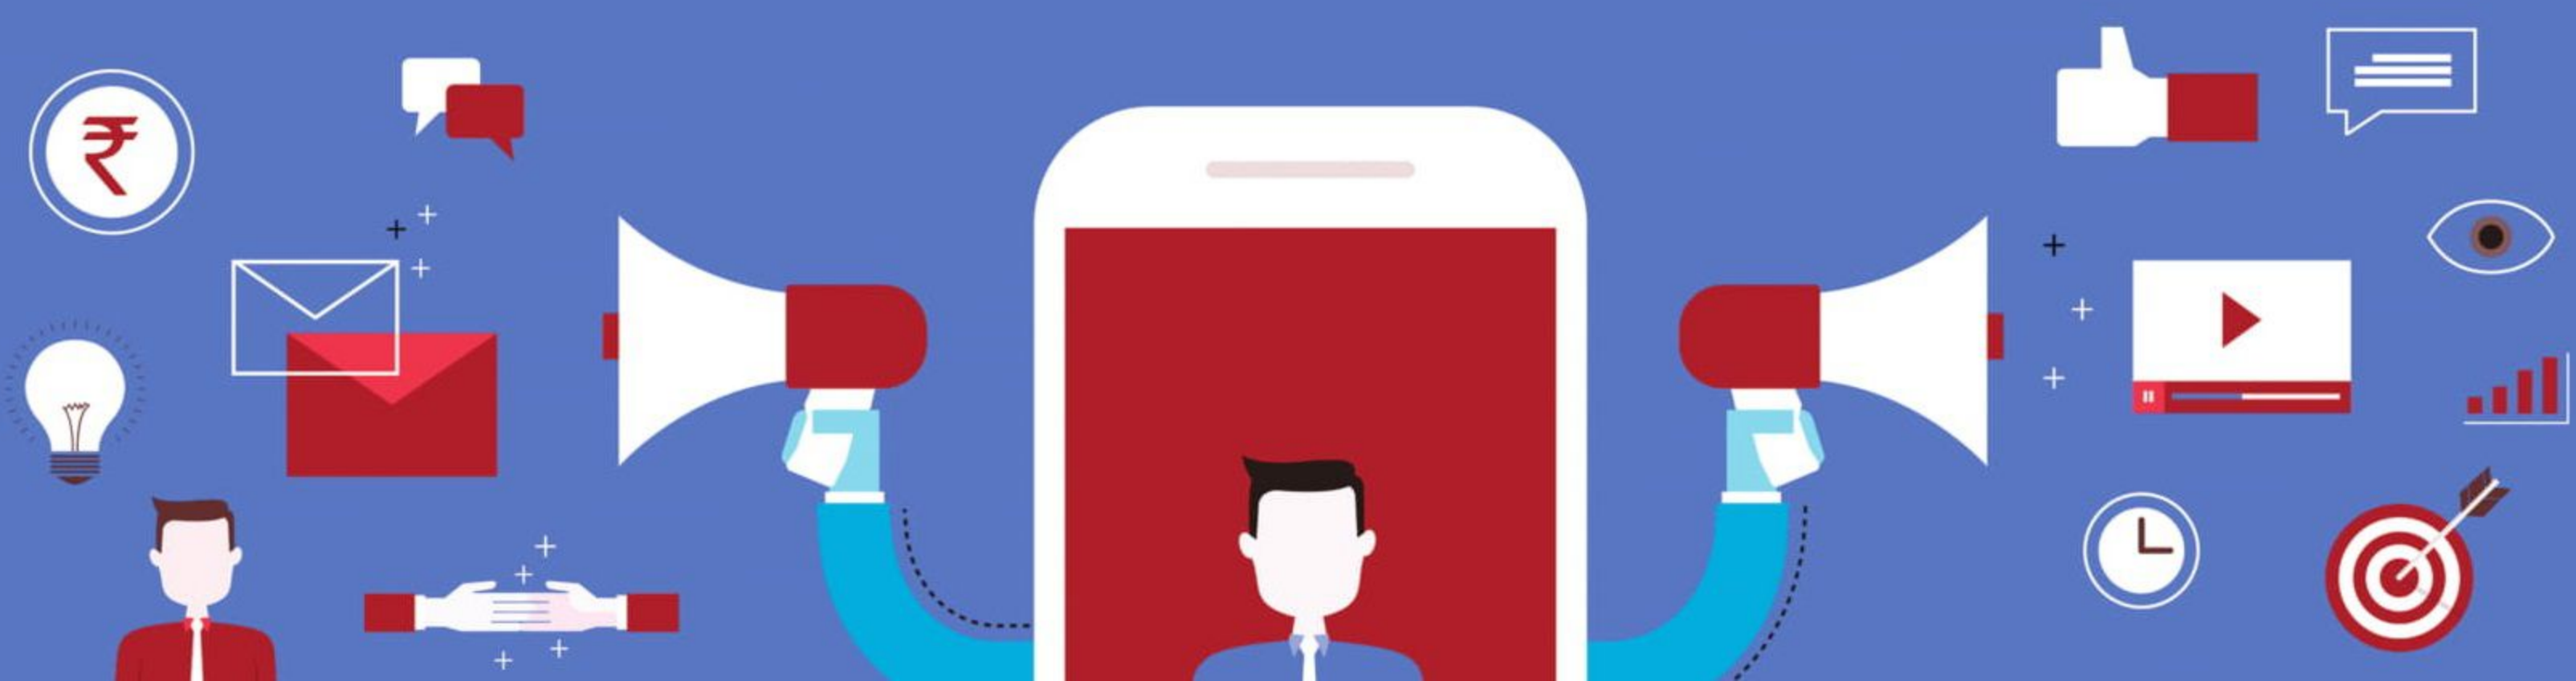

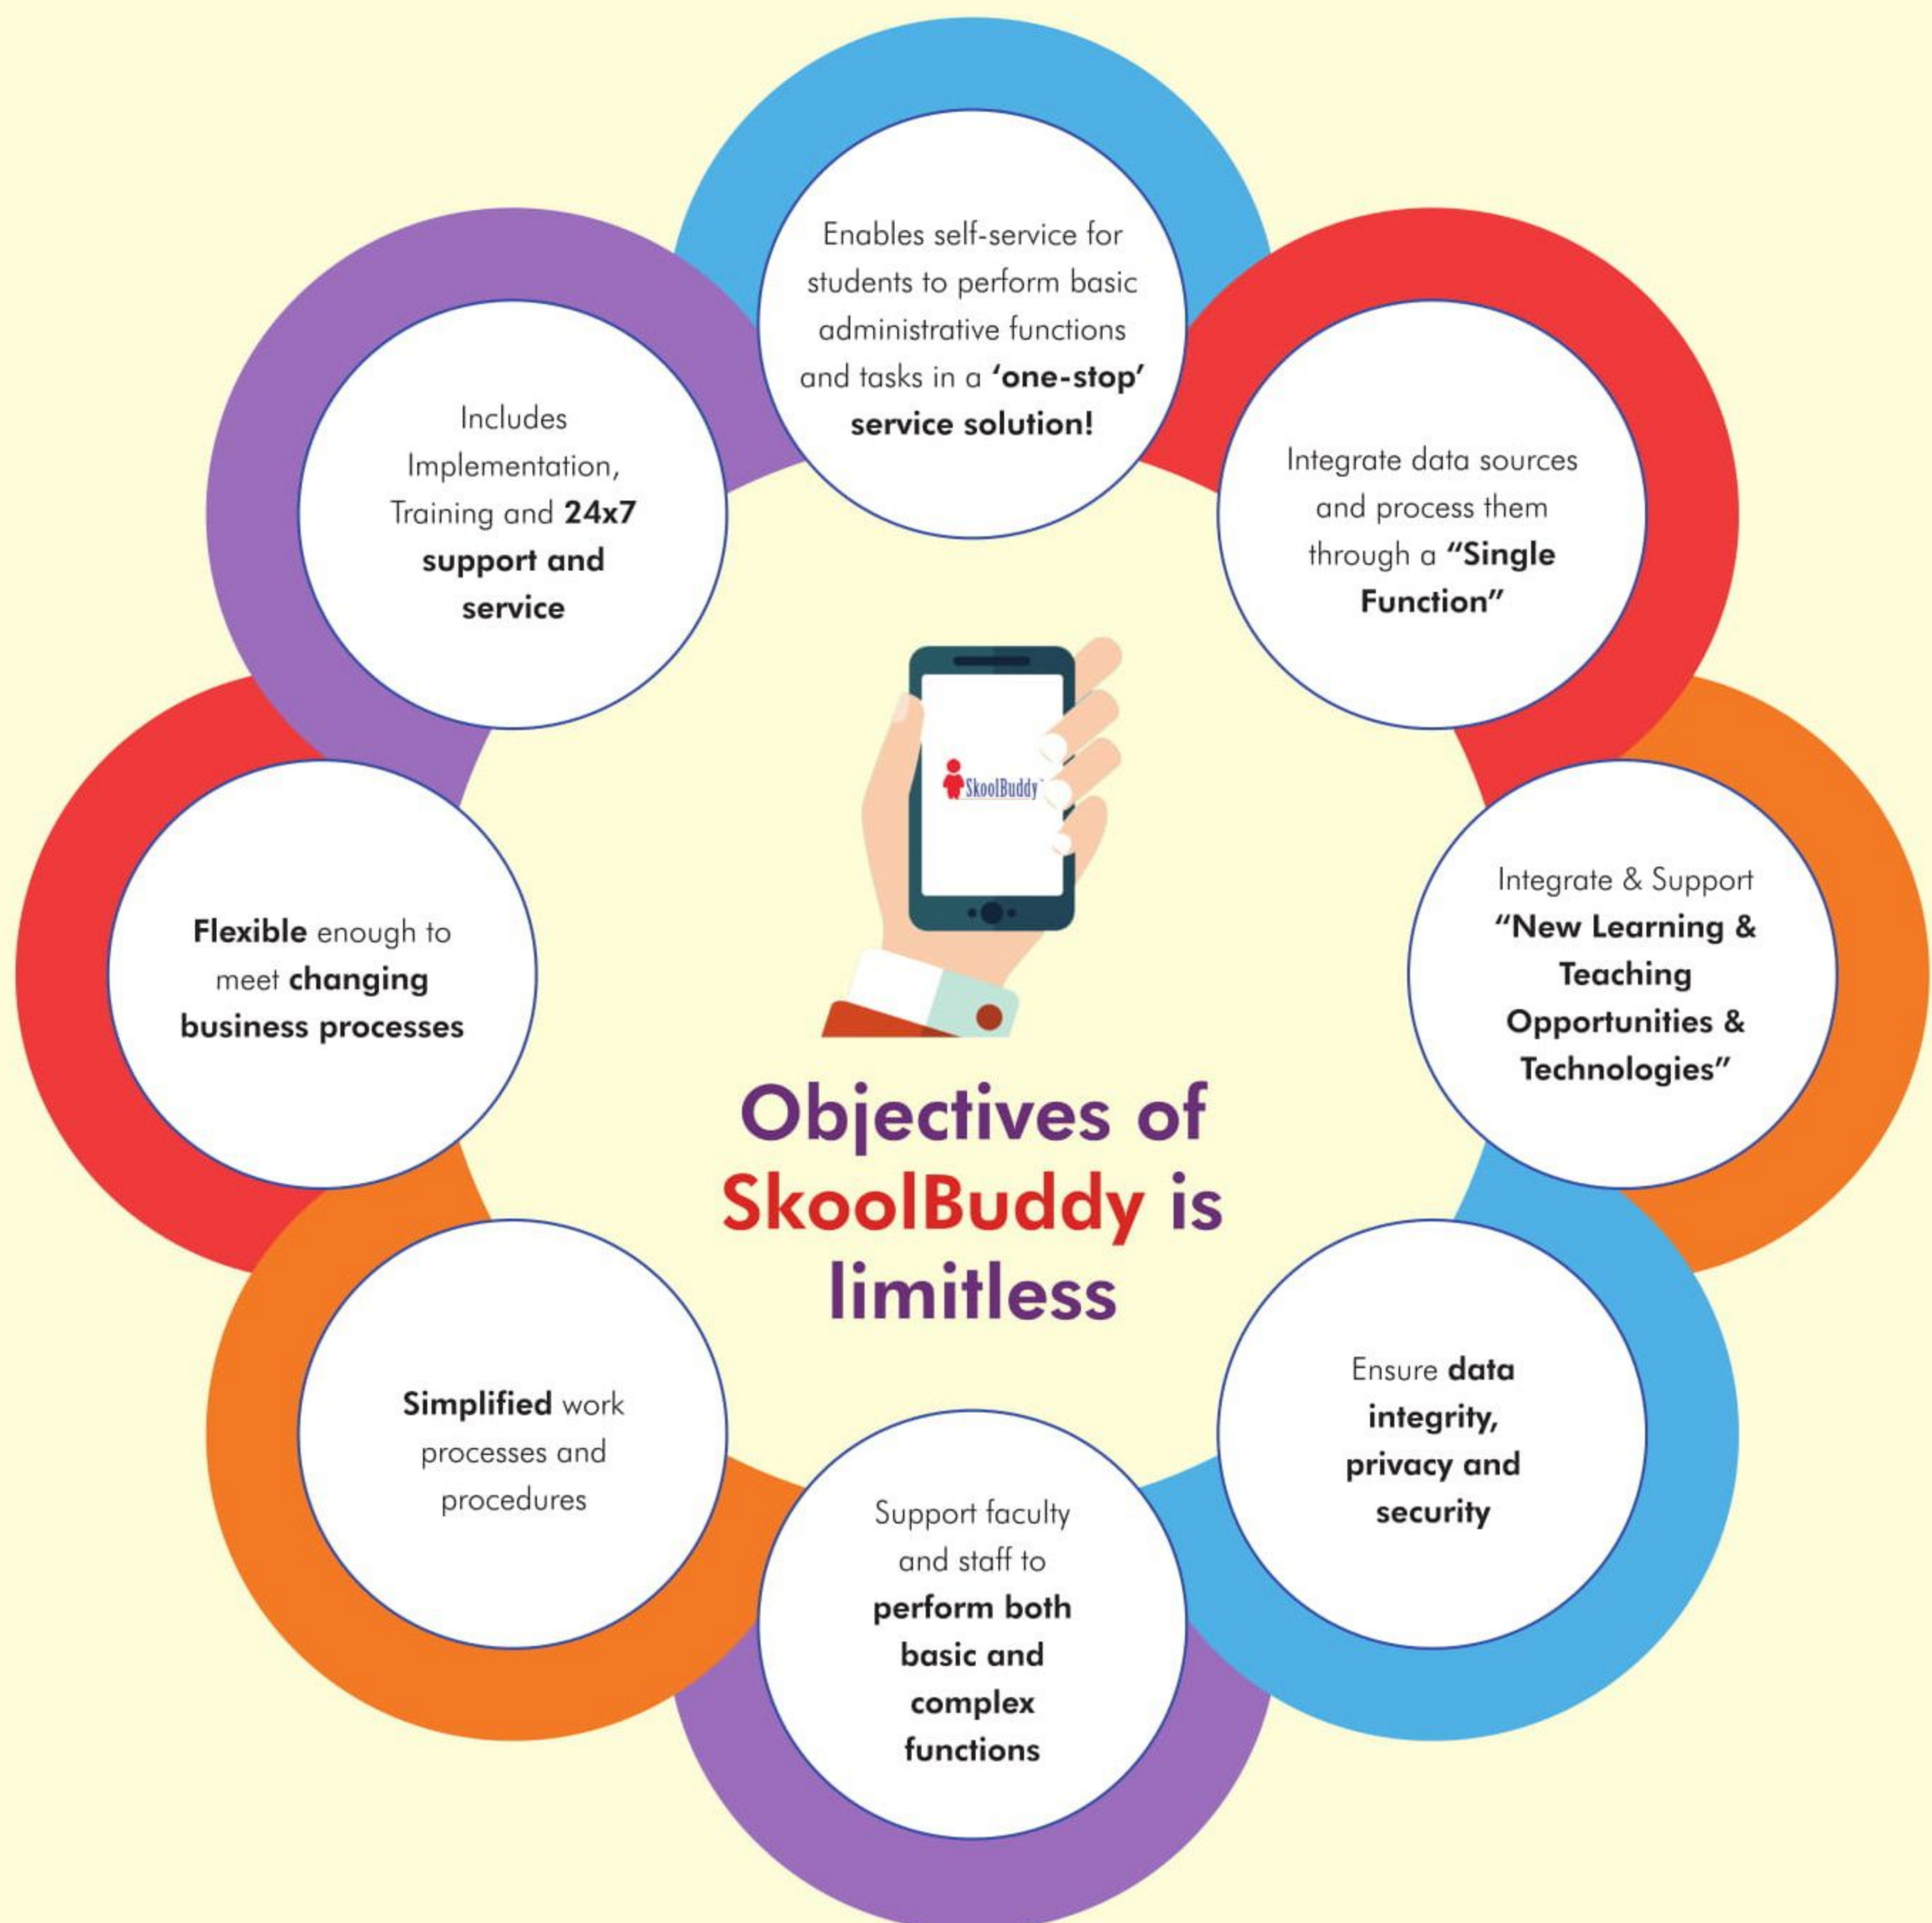

- Existing systems available among Education Institutes are merely enabled interactions between students and teachers for academic purposes and serve only as a student information system

- Educational institutions have been looking for a web-based solution, such as a student information management system or an intelligent student information system with an inbuilt mechanism to meet the requirements of student-related information management as well as to serve the purpose of a school management system

- Furthermore, schools and educational institutions have been looking forward to a complete package on student Information Management System from a single window and company.

Now SkoolBuddy is the solution of all the above problems....to make things for your school & institution Better, Easier, Faster & Uniquely Different!!

Enables self-service for students to perform basic administrative functions and tasks in a **'one-stop' service solution!**

Includes Implementation, Training and **24x7 support and service**

Integrate data sources and process them through a **"Single Function"**
